

4th Grade Unit 5

ELA and Math Objectives

ELA:

1. Students will be able to read graphs, charts, diagrams, and timelines.
2. Students will be able to define evidence and reason.
3. Students will be able to evaluate how to use evidence to support points.
4. Students will be able to evaluate how to use reasons to support points.
5. Students will be able to differentiate between explicit and inferred information.
6. Students will be able to state the theme of a story, drama, or poem.

4th Grade Family Guide Pages: 6, 7, 19, and 20

MATH:

1. Students will be able to divide whole numbers including division with remainders.
2. Students will be able to represent multi-step word problems using equations with a letter standing for the unknown quantity.
3. Students will be able to assess the reasonableness of an answer to a word problem using mental math and estimation strategies.
4. Students will be able to find whole number quotients and remainders with up to four-digit dividends and one-digit divisors.

5. Students will be able to use the strategies based on place value, the properties of operations, and/or the relationship between multiplication and division.

4th Grade Family Guide Pages: 26 and 33
